Alberta Council on Admissions and Transfer

Transfer Patterns Study, Fall 2002 Report

The Alberta Council on Admissions and Transfer (ACAT) is pleased to present the results of its Transfer Patterns Study, Fall 2002. The tables in the study are based on reports from the post-secondary institutions as requested by ACAT. Starting in Fall 1979 and continuing each year, ACAT has collected data from institutional Contact Persons for its study of transfer patterns. These data now provide information over two decades regarding the volume of student transfer between and among post-secondary institutions in Alberta and from out-of-province post-secondary institutions. The study draws on reports from 31 participating institutions including 4 universities, 15 public colleges, 2 technical institutes, 6 private university colleges and 4 private colleges. Maskwachees Cultural College did not report for Fall 2002.

The attached Mobility Tables record the number of students admitted for the first time to their post-secondary institution during the Fall 2002 admission cycle who had reported prior post-secondary experience. The tables indicate the last post-secondary institution attended as the sending institution. Universities and private colleges with accredited degree programs are to include admissions to post-diploma programs and to exclude admissions to Graduate Studies and after degree programs. The Mobility Tables do not attempt to indicate whether these students received advance credit for their prior post-secondary experience. To provide perspective, ACAT also produces the "Transfer Patterns Studies, 1979-2002: Extracts by Sector" document, the tables of which have been extracted from the Mobility Tables of each annual Transfer Patterns Study.

Alberta College operated as a private college until August 2000 when it was taken over by the province of Alberta. Effective July 2002, most of its programs were assumed by Grant MacEwan College and offered at its Alberta College Campus. Its transfer activity is reported in the public colleges sector for this report.

Beginning with 2000 data for Athabasca University, a procedural change at the University has meant that comparability with previous years' data cannot be made. Athabasca University's procedures are attuned to its unique role, which typically enables students to begin a program at any time during the year. Most AU program students will not be applying for credit transfer until they have completed six credits toward their degree and as a result there will be significant under-reporting of transfer activity at AU for the Transfer Patterns Study. Given these caveats, the reported results should be viewed as estimates rather than precise counts.

The following are highlights for September 2002:

Mobility Tables: Within Province Transfer

1. 9,270 students were admitted who had previously attended another Alberta post-secondary institution. The total represents a 5% increase over the previous year. More students transferred into universities, colleges, private university colleges and private colleges than last year. Fewer students transferred into technical institutes.

2. 4,799 students with prior post-secondary experience were admitted to universities. This is 51.8% of the province-wide total number of students admitted who had previously attended another Alberta post-secondary institution. The total is down 4.2% from the record of 5,011 set in 2000, but is up by 3.6% since last year.

3. Transfers to universities from the seven public colleges with University Transfer programs increased by 184 (6.1%) for a total of 3,201 students. University Transfer programs are offered by Grande Prairie Regional College, Grant MacEwan College, Keyano College, Lakeland College, Medicine Hat College, Mount Royal College, and Red Deer College. Record numbers of students transferred to universities in 2002 from Grant MacEwan, Lakeland, Medicine Hat and Mount Royal. 71.4% more students transferred from Lakeland to universities in 2002 than in 2001.

4. Transfers to public colleges from other Alberta post-secondary institutions increased by 266 (8.9%) in 2002 for a total of 3,248 students, and is a record.

5. Transfers to technical institutes from other Alberta post-secondary institutions decreased by 41 (4.4%) in 2002 for a total of 881 students.

6. Transfers to private university colleges from other Alberta post-secondary institutions increased by 55 (22.2%) in 2002 for a total of 303 students.

7. Transfers to private colleges from other Alberta post-secondary institutions increased by 2 (5.4%) in 2002 for a total of 39 students. Maskwachees Cultural College did not report in 2002.

8. In 2002, colleges and technical institutes admitted 4,129 students with prior post-secondary experience, which is 44.5% of the total number of students who transferred within Alberta. Universities and private university colleges admitted 5,102 students, which is 55.0% of the total number of students who transferred within Alberta.

Summary of Within Province Transfer: 1979 to 2002

9. From 1979 to 2002, a total of 92,230 students transferred to universities.

10. From 1979 to 2002, a total of 44,957 students from the seven public colleges with University Transfer programs transferred to universities.

11. From 1979 to 2002 a total of 42,811 students transferred to public colleges.

12. From 1979 to 2002, a total of 31,110 students transferred to technical institutes.

13. From 1979 to 2002, the mobility tables record a total of 175,727 students who were admitted to participating post-secondary institutions with prior post-secondary experience.

Mobility Tables: Into Province Transfer

14. Transfers into the province in Fall 2002 numbered 4,345 students, an increase of 152 or 3.6% over the previous year's total. Into-province transfers constitute 31.9% while transfers within the province constitute 68.1% of the combined total of 13,615 students. In Fall 2001, into-province transfers constituted 32.2%, while transfers within the province constituted 67.8% of total transfers that year.

15. In 1979, 2,993 students transferred into the province. Into-province transfers constituted 49.2% of the combined total in 1979.

Transfer Within-Province

Top 10 sending institutions		**Top 10 receiving institutions**	
Grant MacEwan	1,571 students	Univ. of Alberta	2,379 students
Mount Royal	1,162 students	Grant MacEwan	1,178 students
Univ. of Alberta	946 students	Univ. of Calgary	1,148 students
Univ. of Calgary	705 students	Univ. of Lethbridge	774 students
Red Deer	688 students	Mount Royal	675 students
NAIT	662 students	NAIT	532 students

Mobility Tables

The following tables provide information about the volume and direction of post-secondary transfer traffic and are helpful to Council in determining its ongoing priorities. Annually since 1979 Council has been collecting information from each post-secondary institution about the number of students with prior post-secondary experience who move to another post-secondary institution. Each post-secondary institution was asked to record the number of students admitted for the first time to their institution during the Fall 2002 admission cycle who had reported prior post-secondary experience. Summary data by sector are presented on the following tables.

NOTE: These data do not indicate whether these students received advance credit for their prior post-secondary experience.

As well, the data do not indicate whether the prior post-secondary studies were used for admission to a program at the receiving institution.

As admission records vary among the diverse institutions reporting on the following tables, strict comparability may be difficult.

Furthermore, the reported totals may not fully reflect mobility as some admissions categories may be incompletely reported; for example, part-time students at non-university public institutions, visiting students, unclassified students, and students who are enrolled at two institutions at the same time.

As Athabasca University offers continuous admission, students often proceed one course at a time through completion of their program and so the distinction between "full-time" and "part-time" may not be appropriate. AU distinguished between "full-time" and "part-time" in its reports for 1993-1996. Since then, AU's entry has been displayed as "part-time" although it includes an undetermined, though probably small, number of "full-time" students. Because of its continuous admission policy, the Fall 2002 admission cycle is defined as the number of new students admitted to Athabasca University between 1 January 2002 through 30 September 2002. Prior to 1999, AU's reporting period covered the five month period from 1 May through 30 September.

TOTAL TRANSFER STUDENTS	0	1,185	2,947	399	1,459	105	894	74	5,300	1,763	7,063

NOTE: UofA's entry for "Into-Province" includes full- and part-time. AU's data are reported as "part-time" though they may include some "full-time" students. Due to recent procedural changes at AU, the number of students reported to be transferring "Into-Province" is sharply lower than 1999. Most AU program students will not be applying for credit transfer until they have completed 6 credits toward their degree and as a result there will be significant under-reporting of transfer activity at AU.

GRAND TOTAL	7,841	1,429	9,270	3,078	1,267	4,345	13,615

[1] Since 2000, the number of students reported by AU to be transferring "Into-Province" is sharply lower than in previous years. Most AU program students will not be applying for credit transfer until they have completed 6 credits toward their degree and as a result there will be significant under-reporting of transfer activity at AU. Prior to 2001, UofA data for "Into-Province" included high school students.

SOURCE: Reports from post-secondary institutions as requested by the Alberta Council on Admissions and Transfer.

MOBILITY TABLE 7

GRAND TOTAL	13,382	12,716	13,178	15,086	14,880	12,896	13,018	13,615	597	4.6%

1 Since 2000, AU data are not comparable to previous years because of a procedural change at AU. Most AU program students will not be applying for credit transfer until they have completed 6 credits toward their degree and as a result there will be significant under-reporting of transfer activity at AU. Prior to 2001, UofA's data for "Into-Province" included high school students.

[2] The four former Vocational Colleges are reported in the Public College Sector beginning in Fall 2000.

[3] NAIT introduced a new student information system in the 1999-2000 academic year. Reporting may have been problematic in 2000 as program set up and data entry errors may have led to reduced detection of transfer students that year.

[4] CUC did not report in 2001.

[5] Private colleges first reported in 1998. In 2001, data for Alberta College-Edmonton are reported in the Public Colleges Sector and data from Taylor University College and Seminary are reported in the Private University College Sector. Maskwachees Cultural College did not report in 2002.
